Chespack
Hygiene

Your chance to see the very
latest innovations in cleaning

Featuring guest specialists in the field of
Cobotics, demonstrations, and helping you
optimise performance in your cleaning
operations.

Find out where and how
cobotics can help you.

How to get started with
cobotic technology and
successfully implement it.

Understand how cobotic
technology delivers ROI.

In partnership with

Cobotics Forum

Cobotics, or collaborative robotics?

Our Cobotics work alongside human cleaners, taking on repetitive tasks like large floor areas.

Guest Expert

Kenneth brings his huge range of experience of 20 years in the cleaning industry. What does the future of cleaning look like with Cobotics, and how can they work for you?

Kenneth Arntzen
i-team global co-botic expert

Improving the lives of cleaning professionals

Simplify the cleaning process to reduce operator stress.

Promote knowledge sharing and teamwork to tackle industry and resource challenges
